Re: Notice of File Closure for Small Mining Activities, Lamb, Sessions and Young Quarry,
S/011/001, Davis County, Utah

Dear Mr. Young:

This letter is to notify you that file #S/011/001, for the Lamb, Sessions & Young Quarry project, located in Davis County, Utah, will be retired from our files.

On October 3, 1994, the Division inspected the project (inspection memo enclosed). The inspection found the site to meet the requirements of Rule R647-3-109 of the Utah Mined Land Reclamation Act of 1975, Title 40-8, et seq., Utah Code Annotated, 1953. You confirmed today in our office that no mining was conducted (as observed by the Division's inspectors on July 8, 1992 and October 3, 1994) and that you no longer intend to conduct mining operations at this location.

If there are any questions or concerns regarding this action, please notify us within 15 days from receipt of this letter. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
